Phone: (702) 486-7210
Fax: (702) 486-7206

Consumer Complaints: (702) 486-2600

The Public Utilities Commission of Nevada ("PUCN") maintains three official service lists as a means of keeping interested persons informed of open proceedings before the Commission, as well as PUCN utility and administrative agenda meetings.

SERVICE LISTS

To subscribe to a service list, you must complete, sign and return a service list request form to either the PUCN's Carson City or Las Vegas office. Submittal instructions are included on the forms. To obtain service list request forms, please visit the PUCN's website.

Read the descriptions below to determine which service list, if any, you'd like to be placed on. You may subscribe to multiple service lists.

1. REQUEST FOR PUBLIC MEETING NOTICES

List Description: Subscribers to this list may choose to receive notice of utility agenda meetings (up to 2 are scheduled monthly) and/or notices of administrative agenda meetings (scheduled as needed).

Notification Delivery: Subscribers may choose to receive notification either by email or U.S. postal mail. Email subscribers will receive the notices as PDF attachments. U.S. postal subscribers will receive a hard copy of the notice in the mail.

Subscription Renewals: Subscriptions must be renewed every six months.

2. MASTER SERVICE LIST REQUEST

List Description: Subscribers to a master service list may choose to receive notification of all notices and orders issued in PUCN rulemaking dockets; notification of all initial filings before the Commission; notification regarding specific utility dockets (electric, gas, telecom, water, and railroad); or notification specific to a utility company or specialty list (examples include Sierra Pacific Power Company, Nevada Power Company, Renewable List, and 252 Interconnection/Resale List). Subscribers could receive multiple emails or mailings monthly depending on notification selections.

If you choose to be on a master service list, you will be notified when an initial notice is issued that pertains to the utility type or utility company of interest. In order to receive additional notices & orders, you must request in writing to be on the service list for that specific docket (see item #3 below). Subscribers to the rulemaking list will receive notification of all notices and orders issued in rulemaking dockets.

Notification Delivery: Subscribers may receive notification either by email or U.S. postal mail. Email subscribers will receive notification that an order or notice has been issued. However, the actual notice or order will not be included as an attachment to the email. U.S. postal subscribers will receive a hard copy of the notice or order.

Subscription Renewals: Subscriptions must be renewed every six months.

3. DOCKET-SPECIFIC SERVICE LIST REQUEST

List Description: Subscribers to this list will receive notification of all notices and orders specific to a selected open docket before the Commission. Subscribers could receive multiple emails or mailings monthly depending on activity within the selected docket.

Notification Delivery: Subscribers may receive notification either by email or U.S. postal mail. Email subscribers will receive notification that an order or notice has been issued. However, the actual notice or order will not be included as an attachment to the email. U.S. postal subscribers will receive a hard copy of the notice or order.

Subscription Renewals: Renewals are not necessary. Notification will continue until the docket is closed.
