

Coronavirus (COVID-19) Update

To our valued customers,

First, we hope you, your family, and loved ones are safe and healthy. We look forward to a time when the worst of this pandemic is behind us and life will begin to return to normal. For now, we understand that these are difficult times. If you have been quarantined by a medical professional due to the Coronavirus, or if you have been laid off work due to the economic slowdown associated with the virus, it may be difficult to financially make ends meet right now. If this is the case, please call our customer service representatives and inform them of your situation. We will be happy to work with you to make a payment arrangement that will help you out. Even if you have not been directly affected and just need a little extra help, please call our customer service department and we will work with you to help keep your services working. In the mean time, stay safe and healthy.

Thank You,
