ENHANCED LIVE AUDIO LINK AVAILABLE FOR PUCN PUBLIC MEETINGS

Carson City, Nev. – An enhanced live audio link to Public Utilities Commission of Nevada public meetings is available on the agency’s website.

In addition to the Commission’s agenda meetings, other public proceedings such as prehearing conferences, hearings and workshops will be streamed live at puc.nv.gov. The upgrades include unlimited remote log-in access.

“I believe transparency is imperative to the regulation process. In response to increased interest in the vital work of the PUCN, I am pleased to announce that we have implemented an enhanced live streaming audio link that will immediately make our work more accessible to all Nevadans,” Commission Chairman Paul Thomsen said. “This is merely the first step in live streaming all PUCN proceedings with audio and video.”

Audio recordings of the Commission’s agenda meetings are archived on the website under the “Agendas” link at the top of the home page. Transcripts are available for other Commission proceedings.

To access live audio links from the home page, click on the “Calendar” link in the “Popular Links” section, and then click a proceeding link in the calendar. On the day of the proceeding, a “Listen Live” link will be available on that page.
