

ANNUAL REPORT FILING GUIDE
Applicable to Competitive Suppliers of Telecommunication Services
Docket No. 24-01005

Pursuant to Nevada Revised Statutes (“NRS”) 704.68871 and Nevada Administrative Code (“NAC”) 704.7483, each Competitive Supplier of Telecommunication Services must file an annual report (“report”) with the Public Utilities Commission of Nevada (“Commission”) on or before **May 15** of the year following the calendar year for which the report is submitted. **There is no grace period.**

NRS 704.68871 specifies the contents of the report and NRS 703.193 requires that the report be submitted under oath. The Annual Report, which includes a page for Reconciliation of Assessable Revenues and an Oath page, can be found on the Commission’s website at <http://puc.nv.gov>.

Please file this completed **Annual Report Form**, with accompanying three **Company financial statements**, the **Reconciliation of Assessable Revenues Form** and signed **Oath page** by mailing or hand-delivering to either of the Commission’s Offices, or electronically filing the forms in accordance with the Commission’s electronic filing requirements, which are available on the Commission’s website. You should retain copies for your files.

The Annual Report must be completed and filed to meet regulatory obligations, and must be submitted for any year (or part thereof) during which a Certificate of Public Convenience and Necessity (“CPC”) was active.

Failure to submit the completed report as described above will result in rejection of the report and may subject you to an administrative fine of up to \$1,000 per day for each day of the violation pursuant to NRS 703.380, revocation of your CPC pursuant to NRS 703.377, and/or other remedies available to the Commission.

If the mailing address or contact information for your company has changed from the last report, you must notify the Commission in writing of the change immediately. This is also required for any future changes.

According to NAC 704.7494, a telecommunication provider may not change its name or the name under which it conducts business in this State without obtaining prior authorization from the Commission. An Application for Name Change form can be found on the Commission’s website.

Please note that the Annual Report and accompanying Company financial statements, once filed, will become public record, unless you request portions to be treated as confidential. Please follow the Commission's confidentiality procedures which are located in NAC 703.5274. If you submit any portion of your Annual Report or accompanying Company financial statements confidentially, you must complete and file a Protective Agreement with the Regulatory Operations Staff of the Commission.

If you have any questions about your responsibilities with regard to filing your report, call the Public Utilities Commission at 775-684-6101.

Eligible Telecommunications Carriers (“ETC”) Only:

NAC 704.680465 requires that companies which have been designated as ETCs provide information concerning their compliance with offering the services described in 47 CFR § 54.101; and report on the frequency with which they advertise the availability of Link Up/Lifeline programs.

*Total should be the same as the total provided for question 6

Footnotes:

- (1) Late payment revenues are assessable only if revenues from the underlying charges on which they are based are also assessable.

- (2) Calling card revenues are assessable only to the extent used for assessable services.

- (3) For Retail Payphone, the assessable revenue includes the access line plus local coin revenue and any associated intrastate toll revenues.

- (4) PIC is interstate revenue and is excluded.

- (5) Bundled revenues are included only to the extent the component is intrastate telecommunication revenue from the reporting carrier.

- (6) NRS 704.033(6) specifically excludes CMRS providers from assessment.

- (7) Voicemail is not a telecommunications service under federal or state law. It is treated as an “enhanced” or “information” service under federal law. It does not require a state CPCN to provide, and there are many uncertificated providers of voicemail.

- (8) Resale or wholesale transactions. With respect to the mill assessment, these are excluded per NRS 704.033(5)(c) to the extent that it is a resale or wholesale transaction.

- (9) Customer Premises Equipment (CPE) is not a telecommunications service under federal or state law. There are many uncertificated providers of CPE in Nevada.

- (10) Telecom Service Provided inside a company's network is essentially service provided by a carrier to operate their business. It is not telecommunications service revenue under federal or state law since it is not offered “to the public.”

- (11) Other forms of non-interconnected VoIP are similarly excluded.

- (12) Since the mill tax assessment only applies to public utility revenues, uncertificated third parties, even if affiliates, subsidiaries or joint ventures, are not assessable. NRS 704.033(5)(a).

- (13) The exception to this general rule is if the affiliate, subsidiary or joint venture is fulfilling the telecommunications provider's Provider of Last Resort obligations, as designated pursuant to NRS 704.6878 and the regulations promulgated thereunder, the revenues of that affiliate, subsidiary or joint venture are assessable.

- (14) Surcharges, taxes and fees are collected and passed on to the entity receiving the funds and are not included as assessable revenue.
