

The Public Utilities Commission of Nevada Language Access Plan

I. Purpose and Authority -

Nevada’s Senate Bill 318 (SB318) and the federal guidance on Title VI both agree that language should not be a barrier to accessing governmental programs and services. As SB318 puts it, “Persons with limited English proficiency require and deserve meaningful, timely access to government services in their preferred language.” Moreover, it makes it clear that it is the responsibility of government to provide that access:

State and local agencies and entities that receive public money have an obligation to provide meaningful, timely access for persons with limited English proficiency to the programs and services of those agencies and entities.

The Public Utilities Commission (“PUCN”) is committed to compliance with Nevada Senate Bill 318 and Title VI of the Civil Rights Act of 1964, 2 C.S. § 561 et seq. (Act 172 of 2006) in ensuring meaningful access to State services and programs for individuals with limited English proficiency.

The purpose of this document is to establish an effective plan and protocol for the PUCN personnel to follow when providing services to, or interacting with, individuals who have limited English proficiency. Following this plan and protocol is essential to the success of our mission to serve to protect the public interest, ensure fair and reasonable utility rates, and regulate the delivery of utility services to benefit the economy, the environment, and all Nevadans.

II. General Policy -

The PUCN recognizes that the population eligible to receive its services includes limited English proficient (“LEP”) individuals. It is the policy of the PUCN to ensure meaningful access to LEP individuals. The PUCN adopts the following policies and procedures to ensure that LEP individuals can gain equal access to the PUCN’s services and communicate effectively. This Plan applies to all PUCN’s programs and services including, but not limited to:

It is Nevada’s policy to grant access to services or programs to every person regardless of their ability to speak, understand, read, or write English. The PUCN intends to take all reasonable steps to provide LEP individuals with meaningful access to its services and programs. The PUCN seeks to reduce barriers by increasing its capacity to deliver services and benefits to people in their preferred languages.

Toward this end, The PUCN endorses the following policies:

- The PUCN is committed to equity and will take all reasonable steps to provide LEP individuals with meaningful access to all its services, programs, and activities.
- The agency, rather than the LEP individual, bears the responsibility for providing appropriate language services, regardless of the LEP individual's preferred language, at no cost to the LEP individual.
- Staff at the initial points of contact have the specific duty to identify and record language needs.
- Use of informal interpreters such as family, friends of the person seeking service, or other customers is not allowed. Minor children are prohibited from acting as interpreters.
- No staff may suggest or require that an LEP individual provide an interpreter in order to receive agency services.

Accessing Appropriate Oral/Sign Language Services:

- The preferred method of serving LEP clients is by using competent bilingual staff able to provide services directly to in the client's preferred language without the need for an interpreter.
- Available, trained, competent bilingual staff may be used for in-person or telephone interpreting to support other staff.
- Staff should seek assistance from professional in-person or telephone interpreters when staff cannot meet language needs. Agency should recognize that certain circumstances may require specialized interpretation and translation services even when staff with bilingual abilities are available.
- Staff must be authorized to provide language services to communicate effectively even when such assistance is not requested by the customer.

Accessing Appropriate Written Language Services:

The PUCN's primary point of contact with our LEP clients is our Consumer Complaint Resolution Division. Those interactions primarily address questions regarding utility bills. A determination of "vital" documents will be based on this interaction and will inform the necessary access to qualified written language services. This will apply both to written information intended for broad distribution as well as written communications between the PUCN and individual clients.

The PUCN will utilize State of Nevada contracted language translation services.
